

# **NEW INNOVATIVE THINKING HAS CREATED THE 'PERFECT' TENT**

**LOW FOLDED DIMENSIONS =  
LESS WIND RESISTANCE = FUEL SAVINGS  
= FEATHER-LITE TENT**

- Made from modern, light-weight, synthetic tent fabric - extremely strong and cannot rot.
- Light-weight (Less than 40kg ) making it easy-to-assemble and pack away.
- Low profile of only 200mm for reduced wind resistance.
- Roof ventilator opening with mosquito netting.
- Mosquito netting outside of windows and doors, allowing windows and doors to be opened or closed without letting insects in.
- Windows and doors close upwards, so that the size of opening can be adjusted according to the conditions.
- High quality mattress with removable cover and fitted sheet.
- Inside pockets and light sticks loops standard.
- Available in 2 sizes - 1.3 and 1.4
