## KEEPING YOU UP TO DATE AND INFORMED

1. SPARE WHEEL INFLATOR HOSE
2. EXPANDER CHAIRS IN STOCK
3. DROP IN UNIVERSAL FLOOR SAFE

1. We have had a very clever design made in the way of a hose that attaches to the spare wheel valve. The hose then runs from the spare wheel and gets attached to the outside of the vehicle allowing you to pump up your spare without getting under the vehicle. **RTTYRE02** is available off the shelf at a retail price of **R 135.00**.

2. Our Front Runner expander Chairs have finally arrived after our initial order disappeared off the shelf's faster than we could have ever predicted. This time we have brought in what we hope is plenty of stock.  
**FRUN100** will be retailing for **R 645**.

3. We have designed another safe to add to our already substantial range of vehicle safes. This new safe **FRUN102** is a drop in floor safe. You would need to check and see that you have a space of 295L X 210W X 80Deep under the vehicle below the floor pan. Then you cut a hole in the floor of the vehicle under the carpet and drop in the safe. Lock the top and drop the carpet back in place and Voila, you have a perfectly hidden totally flat surface safe for your valuables. This new safe will retail for **R 650.00**.

So to recap on what is currently available in the safe range:

Defender under console safe	<b>FRLR101 @ R 650.00</b>
Hilux under rear seat safe	<b>FRHX101 @ R 345.00</b>
